SLAYER REPEATS CONFESSION

Officials Check Age Of Youth Held In Murder, Press Effort To Learn More Of Victim

Filing of formal charges against Frederick W. Brower, who has confessed the murder of Frank Ernst, prospector, near his cabin on the Middle Fork of the American River last June 29, will be delayed until authorities have established definitely his age.

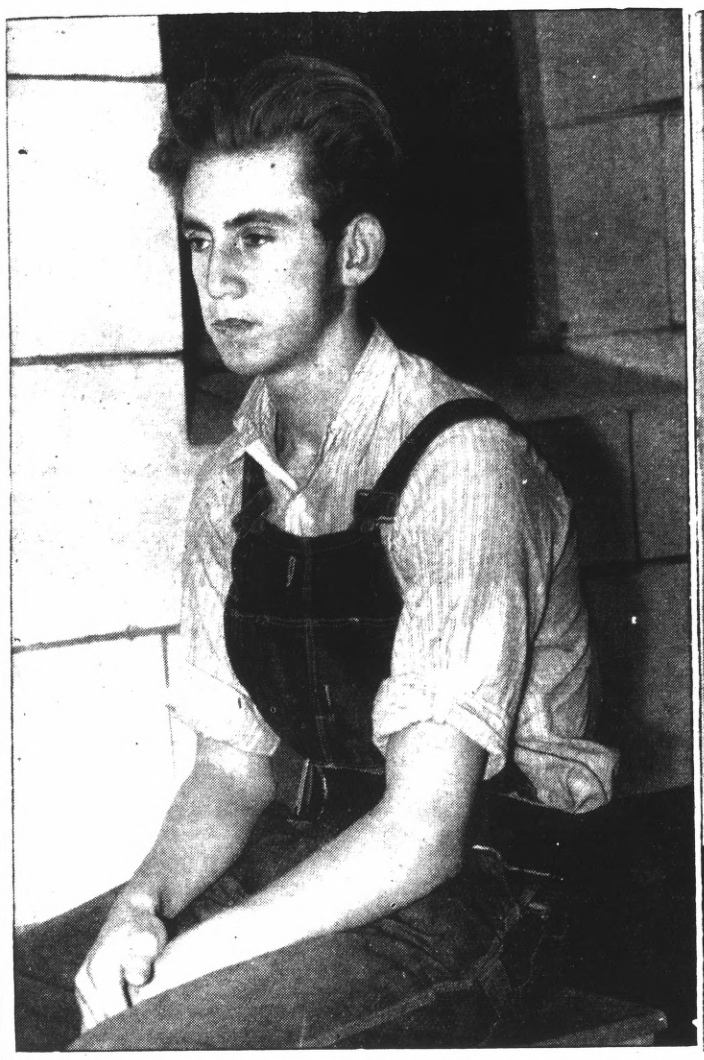

Brower told District Attorney Henry Lyon and Sheriff George Smith that he is seventeen years of age, a native of Mina, Nevada, when he repeated his confession of the slaying in an interview Thursday afternoon.

While District Attorney Lyon is checking the age of the youth, Sheriff Smith, is was revealed, is pressing efforts to learn more of the identity of the prospector, of whom barely his name is known.

One of Ernst's hands was taken from the body, it was revealed and was sent to the state Bureau of Criminal Identification at Sacramento and is now being examined by the Federal Bureau of Identification at Washington in the hope that the finger prints may reveal more of the identity of the man whom residents of the north side knew as a "sniper."

Brower's statement to the district attorney was substantially a repetition of the confession given Sheriff Smith when the youth broke after an eighteen-hour grilling last Monday in

FREDERICK W. BROWER POSED FOR PHOTOGRAPHERS at the county jail Thursday morning. Left, a closeup of the youth who has confessed the murder of Frank Ernst, prospector, on the Middle Fork of the American River below Cock Robin Point on June 29. Right, a "candid" picture of the confessed slayer as Sheriff Smith brought him out of the jail cell. Brower has told authorities he is but seventeen years of age and that he shot Ernst following an argument in self defense. He was unable, however, to explain the subsequent robbery of the dead man's clothing, which he confessed, and which, he revealed, failed to yield any cash.

900 GUNNERS END SHOOT

Ernest Carsten, Jr., Well Back In Field With 91 Birds At Twenty-One Yards

BULLETIN

VANDALIA, O., (UP)—Ernest Carsten, Jr. of Camino, Cal., broke 94 targets from 22 yards in the Grand American handicap, training leaders.

VANDALIA, O., (UP)—Ernest Carsten, Jr., of Camino, Cal., broke 91 targets from 21 yards in the Grand American handicap today and was well back in the field.

VANDALIA, O., (UP)—Every man, woman and boy who toted a shotgun up to the firing line had an equal chance today as more than 900 sharpshooters began firing in the Grand American Trapshooting Handicap.

There was no such thing as a favorite—there never is—in this blue ribbon event of the 29th Grand American tournament which ends today.

Never, since the event was inaugurated in 1900, has a winner repeated. And there was no reason to expect that tradition would be shattered today.

The reason is that each year, as returning shooters improve, they are placed farther back from the targets. Distances range from 16 yards for the novices to 25 for the top flight experts. Only once has the event been taken by a man firing from the 25-yard line—in 1933 by Walter Beaver of Berwyn, Pa., who broke 98 out of 100 targets.

Forest Receipts $622,740

Regional Forester Reports On Revenue For Fiscal Year In 18 Reserves

United States Regional Forester S. B. Show today reported a total of $622,740 net receipts from the 18 national forests of California and southwestern Nevada for the fiscal year 1938.

Show stated that 25 per cent of the receipts from the California Region will be turned over to the States of California and Nevada for school and road funds. The state in turn will distribute this money to the counties, each county receiving an amount in proportion to the total acreage of national forest land within the county and also in proportion to the receipts of the forests involved.

An additional 10 per cent of the net receipts is used in the construction of mountain roads and trails in the national forests of the California Region. Remaining receipts are turned over to the national treasury in Washington, D. C.

The Forest Service accounts show that timber sales netted $261,700 with biggest sales in the Lassen, Plumas, Tahoe and Eldorado National Forests. Net receipts from grazing permittees were $150,995. Grazing activities were centered largely in Mono, Modoc, Sequoia and Los Padres National Forests.

The Angeles and San Bernardino National Forests of southern California lead in special use permits from recreational land leases and other special use permits. The total receipts from special uses was $161,690. Water power receipts amounted to $48,350 with the Sierra and Sequoia Forests bringing the highest returns.

John Winkelman Must Be "Holding Out"

The following is from a Stockton paper:

Among the fair visitors yesterday were A. C. Winkelman of Placerville, a director of the El Dorado County Fair, to be held October 15, and his brother, John A. Winkelman, El Dorado County agricultural commissioner, and their wives. They found the local agricultural exhibits most interesting, saw the races and night horse show.

RUNAWAY TRUCK ON RIDGE KILLS 3

Flaming Highway Juggernaut Attains 80 Mile Speed In Uncontrolled 2-Mile Dash

BAKERSFIELD, (UP) — Three men were killed by a heavy truck and trailer which caught fire and thundered out of control at 80 miles an hour down a grade on the Ridge Route one mile south of Grapevine Station late last night, Coroner N. C. Hoize reported today.

The dead: William A. Miller, 49, Summit, Tex.; James Marshall, Fellows, Cal.; H. E. Foster, Taft, Cal.

Charles R. Dawson, of Alameda, driver of the truck, and Leroy Woorter, his helper also of Alameda, escaped with minor injuries after their machine crushed to death two men in a light delivery truck and struck down a third victim who was walking across the highway.

State highway patrolmen reported the huge semi-diesel truck began its destructive plunge at the top of a two-mile grade 32 miles south of here when its brakes caught fire. Shooting flames, it roared down the heavily-traveled mountain road.

The runaway overtook and demolished the light truck in which Marshall and Foster were riding. Both were killed instantly.

Miller, who had parked his car and house trailer and was crossing the road to get a drink of water, was run down and killed as his wife looked on.

Warned by the roar of the motor and the shrieking horn, a passenger car ahead of the truck made a frantic dash to keep ahead of it. He raced around curves and finally ducked into a side road as the truck plunged by.

Other motorists ploughed their cars into the roadside banks to escape the onrushing truck.

Members of a forestry squad were kept busy for hours extinguishing brush fires started by flames shooting from the burning vehicle.

Its load of building materials on fire, the runaway finally came to a stop when it overturned near the foot of the grade and burned.

Dawson told officers the gears on his truck stripped and the brakes burned out, leaving him powerless to stop the careening machine.

George Maul has enrolled at Hastings Law School, San Francisco.

Bartlett Pears Get Radio Salute On KSFO Monday Night

California's Bartlett pear industry will take the bow on the radio Monday night, August 29, when Station KSFO devotes its weekly program to pears.

The broadcast, which will be from 9:00 to 9:15 p. m., will be one of a series entitled "Salute to Industry" which have been so widely followed in recent months. The series originates at Station KSFO, the Columbia Broadcasting Station at San Francisco.

Under the direction of Walter Guild, master of ceremonies, the entire fifteen-minute period will be on the subject of California's production and distribution of pears.

Richard W. Gray, manager of the California Fresh Bartlett Advisory Board, will be interviewed on the air by Mr. Guild as will Mr. J. E. Lowden, prominent San Francisco business man who has long been representative of pear shippers in handling of exports.

Walter Guild's successful handling of programs for various other industries in the series assures listeners of a highly interested quarter-hour devoted to the California pear industry.

BISHOP MORELAND HAS SKULL FRACTURE; OPERATED UPON

The Right Rev. William Hall Moreland, for more than 30 years bishop of the Episcopal diocese of Sacramento, is a patient at a hospital in Montreal, Canada, following a brain operation performed Wednesday night.

The operation was an attempt to relieve a skull fracture which was found to have resulted from the bishop's being injured last month in an automobile accident at Saranac Lake, New York.

The bishop suffered a broken collar bone and was thought to be getting on satisfactorily when complications developed and examination revealed the skull fracture. He then went to Montreal for the operation.

The bishop's condition was reported Friday as "critical but hopeful."

Bishop Moreland has many friends in El Dorado County who will be grieved to hear of his misfortune and hopeful that the skill of modern surgery may help to speed his recovery.

NUMEROUS LABOR GROUPS APPROVE CANDIDACY OF EARL WARREN

Candidacy of Earl Warren, Alameda County district attorney, for the office of Attorney General, has the endorsement of numerous labor organizations in many sections of the state, it was announced Friday.

Mr. Warren has been endorsed by the San Diego County Federated Trades and Labor Council, the A. F. of L. Political League of Alameda, W. A. Weber, president of Musicians Local No. 6, the A. F. of L. Women's Auxiliary to Trade Unions, Plasterers' Local No. 12, the Cannery Workers Union of Alameda County and other labor groups.

PEAR MARKET MAY GAIN BENEFITS OF FEDERAL PURCHASES

California pear growers are co-operating in a program looking toward government purchase of approximately 300 cars of fruit with probable consequent improvement in prices on eastern markets, it was revealed by Paul Scherer, P. F. G. A. manager, Friday.

With a four-day shipping holiday in effect Thursday, Friday, Saturday and Sunday, it is planned that the federal Surplus Commodities Corporation will buy a total of 90 cars between Monday and Wednesday of next week, providing that shipments do not exceed 50 cars daily during the holiday period.

Subsequently, between September 1 and 10, the FSC will buy 20 cars daily, provided shipments to market do not exceed 60 cars daily.

The price to be paid on these purchases has not been set, but it is hoped that the price for U. S. No. 1 grade will be $1.00 per box, netting the grower about 45 cents. A price of 90 cents is hoped for on a 70 per cent U. S. Combination and a price of 80 cents on a 50 per cent U. S. Combination.

It was explained that the purchases will relieve shippers of fruit in storage and that the curtailed shipping plan may further improve the situation by raising eastern market prices.

Shakespeare Luncheon Off Indefinitely

The potluck luncheon of the Shakespeare Club, scheduled for Tuesday, August 30, has been postponed indefinitely, it was announced on Friday.

The postponement was occasioned by the death of Mrs. R. A. Healy's father, at Los Angeles. Mrs. Healy was called to Los Angeles.

SEWER DISPOSAL PLANT TESTED

New Unit Operated For First Time By Engineers On Friday Afternoon

A test of the operation of the city's new sewage disposal plant was made this afternoon by Harry N. Jenks, supervising engineer, and Clifton Wildman, resident engineer, on the project, accompanied by PWA representatives.

This is the first operation of the plant, which was lately completed by the Campbell Construction Company, as a unit of the new sewer pipe line and disposal system for the city.

For several weeks past, sewage of the community has been running through the mains, which were installed by the Fred J Early Company, to a point near the disposal plant.

City officials explained that the test operation Friday afternoon was for inspection purposes by Mr. Jenks, preliminary to inspection of the plant by the city council, looking toward its formal acceptance by the city and by the PWA.

Shell Dealers In Contest

Advertising Series Gives Service Station Men Chance To Capture Awards

Local service station men are taking part in a novel contest, based on advertisements now running in this paper, which may bring them cash prizes. The contest is being sponsored by Shell Oil Company and is arousing keen interest, it was said today by Shell's local manager, L. R. Armes.

The advertisements used in the contest portray "bith of life" in a service station where Shell products are sold. Each advertisement is a "short short story," told in breezy style. Among the characters introduced will be Mr. Gimple, who gets a ticket every time he parks; old Doc Graham's daughter, a honey to look at but so dumb she thinks sludge is a kind of candy; Miss Pettibone who just "adores bunnies," and many others.

Prizes are being offered Shell dealers to see if they can select the advertisement in the series which appeals most to the public by reason of its sympathy, humor, and so on. Keen judgment of human reactions and advertising logic will be required to select the right one and local motorists can help their favorite neighborhood Shell dealer by giving their opinions on the various advertisements.

The Golden Shell "short short story" series is appearing in this paper.

MERCED WOMAN EXPECTS TO LEAVE HOSPITAL IN FEW DAYS

MERCED, (UP)—Mrs. Ola Harwell, 26, assured physicians today that she would be ready to return to her household duties in a few days despite the loss of her left eye and right hand.

She used a scissors to gouge out her eye and an axe to cut off her hand. She had a vision while she was reading the Bible to her husband and two children, she said, and the vision told her to cut of fher hand and to remove her eye.

Physicians, surprised that her condition was as good as it was, said it would be several days before she could leave the hospital, but that she undoubtedly would be ready to leave sooner than most patients.

James Clausen was in town Friday from Sacramento, with a new crop of stories.

PRACTISING

PARADE OF SPORTS

By HENRY McLEMORE
(United Press Staff Writer)

CHESTNUT HILL, Mass. (U.P.—Jack Bromwich, 19, of Kogarrah, Australia, the right handed, left handed, one handed, two handed, and cross-handed Davis cupper, is annoyed by the newspaper insinuations that he is a slightly unorthodox tennis player.

He considers his methods of striking a tennis ball with a racquet as natural as the flight of a bird or the fall of water over a dam, and jolly well wishes the "pressmen" of the United States would stop painting him as a flannel-panted freak.

As an American "pressman" who has caused but few international complications by offending foreigners, and who doesn't care to cause any more, I have studied foreigners, and who does not care to cause any more, I have studied Bromwich's style of play at the National doubles championship in an effort to determine whether he is right and we "pressmen" wrong, or vice versa.

I am now going to tell you what I saw and leave it up to you, my twelve good and true readers, to decide.

Bromwich, a natural left-hander, serves with his right hand. When serving, he holds two balls in his left hand, and immediately on hitting his first service, drops the remaining ball at his feet. If the first service fails he has to stop and pick up the one he dropped. This habit of dropping a ball at his feet gives his opponent the jitters because they fear he will step on it and take a nasty fall. Most players will halt a match and have a ball ten yards way from them removed. Bromwich seems to take comfort in having a ball underfoot.

On all shots to his right, Bromwich uses a two-handed forehand, which isn't his forehand at all but his backhand, because he is a southpaw.

When striking a ball on his left, he holds the racquet with one hand, his left. He switches this up when it comes time to maks a volley and handles volleys on his left with a two-handed grip, and those on his right with one hand, the right hand.

He smashes overhead shots with his right hand.

He isn't always consistent, however. Harry Hopman, captain of the Australian cup team, says he has played matches with Bromwich and had him hit all his shots with a single-handed grip. Apparently Bromwich suits his form to the occasion.

I don't want to influence your judgment, dear gentlemen of the jury, but you never saw anything that quite matches Bromwich in appearance when he is playing a tough set. He combines the best features of a windmill in a high wind, an octopus defending its young, and two Boy Scouts wigwagging vital information to their troop leader.

Bromwich's, shall I say "unique," style of play, is the result of his taking up the game of tennis at the tender age of six. He was too slight to swing a racquet with one hand so he adopted a two-handed grip from necessity. He is a bear for work. Only 18 last year, he was eligible for both the Australian junior and senior events, which are played simultaneously. He entered three junior events—singles, doubles and mixed doubles—and the same number of senior ones. He played five matches in one day and then—and I have this on the word of an Australian newspaperman—he practiced for two hours.

WHITEMAN'S BAND AND SALLY RAND FOR COUNTY FAIR

BROCKTON, Mass. (U.P.) — The old county fair has been streamlined in an effort to recapture patrons who have drifted to movie theaters, dance halls and race tracks.

Not only will the Brockton fair offer pigs, cows, horses and raspberry preserves this year, but the sponsors also plan to exhibit elephants, lions, tigers—and a fan dancer.

Sally Rand will appear twice daily for seven days starting September 11 on a specially built, huge out-door stage in front of the race track grandstand. A cast of 75 including 24 girl dancers, will assist in the presentation.

And for an orchestra, the fair has obtained Paul Whiteman, making his only appearance at a fair this year.

LOTUS

We neglected to mention in our last news items that Mrs. Charles Casaurang, two daughters, and son, who have been visiting Mrs. Casaurang's parents, Mr. and Mrs. George Pountain for the past month, have returned to their Oakland home. Her husband drove up from Oakland Wednesday and returned Thursday morning with his wife and family. "Mad," as we all call her, and her family surely enjoyed their visit at Lotus and the bathing every day in the river.

Mrs. Mary Nedderman, and son, Ben, after a two weeks or more as the guests of her sister-in-law, Mrs. Minnie Pountain, returned to her home in Oakland last Wednesday. The Pountain home seems very lonesome since the departure of all of their relatives.

Mr. and Mrs. Harry Reaside and Miss Helen Reaside left for San Francisco Thursday morning to attend the funeral of Mrs. Reaside's aunt, Mrs. L. D. Feil. Mrs. Feil spent many vacations in Lotus over the last ten years and always enjoyed the climate so much. She was 82 years of age and leaves a number of nieces and nephews in San Francisco to mourn her loss. The Reasides returned to Lotus Saturday night.

Mr. and Mrs. Bill Shad Browne visited with Mrs. Lottie Galleher over the week-end. Miss Evelyn Colwell accompanied them from Sacramento and on Sunday all made a trip to Lake Tahoe.

Mr. and Mrs. Dudley Freeland and son, David, Mrs. Lottie Galleher and Mr. and Mrs. Charles Hines, were dinner guests of Mrs. George Oviedo at Coloma Thursday evening. Cards followed the dinner and a very pleasant evening was spent by all.

Mrs. Douglas, sister of Fred Castillo, and her son, were Sunday callers in Lotus. After visiting with her brother, Fred, Mrs. Douglas returned leaving her son, Roger, to spend the last week of his vacation with his uncle.

Mrs. George Oviedo had as guests over the week-end Dr. and Mrs. McGinnis, Dr. and Mrs. Whalan, Carl Lavote and Mrs. Eustace Cullinan, Jr. As the river was rather cold for bathing, the folks spent most of the day playing cards at the Oviedo beach, near Coloma.

Manfred De Haas came up from his Oakland home Friday evening and spent the week-end doing some carpenter work on his summer home here.

Building is going on in Lotus and Coloma. Newton Grout is building cottages on his camp grounds near Coloma; Earl Flynn is putting up a house on the land of W. F. Blodgett near Lotus.

We have recently received word Albert Mynsted, who was raised to manhood in our town by his aunt, Mrs. Rose Hansen, and who left here some years ago, was badly hurt in an automobile accident in Oakland the past week. He and his wife were out riding with friends when they were run into at an intersection by another car. Al received two broken ribs and cuts and bruises and his wife got severe cuts and was badly shaken up. Their car was badly wrecked. Both are getting along all right under a doctor's care at their home in Oakland.

"CRIME SCHOOL" FOLLOWS "MEN ARE SUCH FOOLS" AT THE EMPIRE

"Crime School" a true-to-life story with social implications, comes to the Empire Theater Sunday for a two-day showing. The picture brings to the screen again the six New York boys whose work in the stage and screen versions of "Dead End" was so successful.

In the new film, the six "Dead End" boys are typical products of the slum streets who are arrested for petty crimes.

"Thunder in the Desert" a new rangeland thriller, and "Men Are Such Fools" share the Saturday billing.

The latter picture has Wayne Morris and Pricilla Lane in the featured roles and was directed by Busby Berkeley The story is from the Faith Baldwin novel and concerns the question of marriage with or without a career

50,000 ALARM CLOCKS IN TEMPLE SANCTUARY ARE WOUND DAY AND NIGHT BY SIX TIBETAN NATIVES IN CONSTANT ATTENDANCE, SAYS EXPLORER

By ROBERT L. SPENCER
United Press Staff Correspondent

SAN FRANCISCO, (U.P.)—Capt. Robert C. C. Winthrop, 38-year-old explorer and adventurer who already has had a lifetime of thrilling brushes with death in far away corners of the world, is planning an expedition to unexplored Amne Machin peak in the Himalayas, he revealed during a visit here.

Winthrop, a mild-mannered son of a British army officer stationed in India, has been in nearly every country in the world, gone through scores of revolutions and seen sights that stagger the imagination in the role of explorer, adventurer, war correspondent, aviator and cameraman.

Although he has had many close brushes with death, the rambling adventurer prefers to talk of the unbelievable sights he has seen.

He hold how he bribed his way into the sanctums of the Holy Yurta by presenting Djelb Hutukto, Chinese incarnate Buddha, with a 97-cent watch, made in America, which today rests on a gold cloth in the chamber of holies in the ancestral shrine.

In old Tibet, Winthrop was guest of the Tibetan Buddha, who showed him his most treasured possession, a temple sanctuary where 50,000 alarm clocks, attended night and day by six natives, are are constantly would, set and sounded.

Equally unbelievable, Winthrop said, is the king's palace in the little known land of Nepal, the valley of 2,733 Buddist temples. In that ancient palace, in place of Greek statuary, the walls and corridors are lined with hundreds of American slot machines.

C. C. Herbert, forest road superintendent, was in the Silver Lake section Friday, supervising the oiling of forest roads there.

Slayer Repeats Confession

(Continued from page 1)

the jail at Tucson.

The youth revealed that he and his companion, one Bill Short, who is being sought, found Ernst's pockets empty when they searched his clothing after the man had been killed with 14 bullets.

Brower reiterated the statement that he shot Ernst in self-defense after Ernst had fired at him following an argument.

He revealed further that when Coroner Orelli found him and the man identified as Short at the scene of the crime on July 12, they had just completed looting Ernst's cabin, nearby, of such provisions as they could find, and had them then in their napsacks.

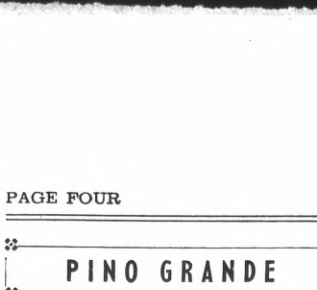

Brower said they had decided that if the Coroner sought to arrest them, they would kill him, and that they had discussed robbing Orelli.

The youth's mother lives in Nogales, Arizona, and he has one brother and one sister.
